

Accomplishment Report
August 25 & September 15, 2021

*Distribution of Assistance to Pregnant and Lactating Woman (PLW) and
Children with Disabilities (CWD) Beneficiaries*

Last July 2021, the Gota de Leche management conducted a survey to our beneficiaries regarding their interest in Covid19 vaccination. It turned out that all of them are interested and are willing to cooperate. As of August, when they attended the distribution session, we have documented that almost all of them had already got their first dose while one of them hasn't schedule yet.

Gota de Leche conducted its regular monthly distribution of assistance to our Children with Disabilities beneficiaries and to our Pregnant and Lactating woman, with partnership with the Rice Against Hunger Philippines who donated 30 boxes of San Mig Coffee 3 in 1 and 20 boxes of Cadbury Shots Chocolates. They were also given the freshly harvested vegetables which are from our mini garden.

We have distributed the family assistance pack consisting of powdered milks, brown rice, Cadbury chocolates, San Mig 3in1 coffeemix, diapers/lampin and They are also given transportation allowance for their expenses in commuting to the Gota de Leche facility. The distributions were facilitated by the Gota de Leche staff and clients were scheduled maximum of 10 individuals per day following the minimum health standards.

Fifty (50) of our CWD's and Twenty of (20) of PLW's received our ration of assistance from

all over NCR and greater Manila areas. Street dwellers staying nearby the facility's area were also handed out with the pack assistance. One CWD client got infected with Covid19 virus, while the mother still waiting for her antigen swab test. GDL has already extended some services to them including the door to door delivery of the family food pack and some amount.

Beneficiaries are very thankful and felt very blessed because in times of this pandemic most of them are all in need and direly required the support of charitable agencies such as the Gota de Leche and Rise Against Hunger Philippines.
